LITTLE ROCK SCHOOL DISTRICT

810 WEST MARKHAM STREET
LITTLE ROCK, ARKANSAS

DATE: July 29, 2019 5:30:00 PM
FROM: Mike Poore
Superintendent of Schools
SUBJECT: Donations of Property

BACKGROUND:

The Little Rock School District receives donations from businesses and individuals on a regular basis. It is the policy of Little School District that donations are not formally accepted until they are approved by the Mr. Poore, Superintendent.

RATIONALE:

District policy states that, in order to maintain the centralized fixed asset property accounting system, all property donation requests are forwarded to the Director of Procurement. The Procurement Department forwards the requests, along with the appropriate recommendations, to Mr. Poore, Superintendent for acceptance and approval. In order for proper recognition and appreciation to be conveyed to the donor, donor's name and current mailing address should be included in the donation memo.

FUNDING:

None

RECOMMENDATION:

It is recommended that the attached donation requests be approved and accepted in accordance with the policies of the Little Rock School District.

PREPARED BY:

Darral Paradis, Director of Procurement

SUBJECT: LRSD adoption of:

3.19A—Licensed Personnel Use and Possession of Marijuana and Medical
Marijuana On District Property

8.15A—Classified Personnel Use and Possession of Marijuana and Medical
Marijuana On District Property

BACKGROUND:

LRSD has undergone a multi-year review and updating of policy.

RATIONALE:

The passage of the legalization of use of marijuana for medical use has prompted LRSD to address this issue in policy so that all employees are aware of LRSD's position.

FUNDING:

LRSD does not anticipate that funding will be needed to update and convert policy.

RECOMMENDATION:

LRSD recommends that the Commissioner adopt Board Policy 3.19A and 8.15A. This is the second reading.

PREPARED BY:

Eric Walker, Staff Attorney

3.19A—Licensed Personnel

8.15A—Classified Personnel

Use and Possession of Marijuana and Medical Marijuana On District Property

The Little Rock School District recognizes that the legal aspects and consequences of medical marijuana are new and possibly subject to change. These legal aspects and consequences of medical marijuana affect many areas of the district's current policies regarding employees, students, parents and individuals on district premises or attending district events. The district will continue to enforce its current adopted policies. As the need arises with changes in state and/or federal law, the district will consider and/or examine district policies in order to assess whether revisions, if any, may be needed to a district policy in order to comply with state and federal law.

Definitions

The term "marijuana" includes all parts of the Cannabis plant, whether growing or not; marijuana seeds; the resin extracted from any part of such plant; and every compound, manufacture, salt, derivative, mixture, or preparation of such plant, its seeds or resin extract, resin, or residue. Note that this definition includes marijuana edibles and cannabidiol. This definition excludes all substances excluded from the definition of "marihuana" in the federal Controlled Substances Act (see 21 USC 802(d)(16)).

THC: tetrahydrocannabinol.

Overlapping Policies

Employees, students, and individuals on school property are expected to adhere to any and all applicable open letters, formal opinions, directives, or any other instruction provided by federal or state agencies regarding state and/or federal law. The terms "marijuana" and "possession of marijuana" will be interpreted by the district in accordance with state and federal law.

Non-Discrimination

There will be no discrimination in the district because of an individual's status as a medical marijuana license holder.

Prohibitions of Marijuana on District Property

While the State of Arkansas has authorized the use medical marijuana (marijuana authorized for medical purposes pursuant to state law), marijuana is still a prohibited controlled substance under federal law regardless of its use. Because of the district's obligations to comply with federal law, marijuana is not allowed on district property or in any district vehicle, regardless of a student, employee, parent or any individual's status as a medical marijuana license holder or if the marijuana is otherwise considered "medical marijuana." District property includes, but is not limited to all district buildings, parking lots, grounds, equipment, and district vehicles. This prohibition also extends to situations and contexts in which the district reasonably deems the possession of marijuana to be illegal pursuant to applicable law.

In the event that a student, employee, parent or any individual is found to possess or to have possessed marijuana in any of the instances stated above, the district will proceed with all actions and consequences that are afforded to the district under any state or federal law, employment contract, district policy, student handbook provision, or any other authority applicable to or adopted by the district, including but not limited to its drug/alcohol testing policies and regulations.

All employees are reminded that they are subject to probable cause or reasonable suspicion drug testing, including THC, as outlined in the LRSD drug testing manual.

Safety and Security personnel, employees who drive a district vehicle and those required to possess a CDL license

Employees of the district are expected to comply with state and federal law at all times as a term of their continued employment with the district. All Safety and Security employees including the Director and all Supervisors in the Safety and Security Department, all employees required to have a commercial driver's license (CDL), as well as all employees who drive a vehicle owned or leased by the Little Rock School District are subject to random drug testing policies as outlined in the LRSD drug testing manual. These employees as listed may not possess or use marijuana regardless of whether they possess a medicinal marijuana license.

As the above identified employees are required to submit to a pre-employment drug screen, positive drug test result shall prevent employment within the LRSD.

SUBJECT: LRSD Adoption of 7.10A Public Use of School Buildings—General Rules

BACKGROUND:

LRSD has undergone a review of its current policies and found that many of them are out of date and needs to be updated. Upon research and review, LRSD decided to adopt the ASBA Model Policies adapted specifically for LRSD.

RATIONALE:

LRSD believes that additional clarity is necessary for rentals of LRSD facilities and added section 7.10A to supplement that language in 7.10.

FUNDING:

LRSD does not anticipate that funding will be needed to update and convert policy.

RECOMMENDATION:

LRSD recommends that the Commissioner adopt Section 7.10A Public Use of School Buildings—General Rules. This is the second reading.

PREPARED BY:

Eric Walker, Staff Attorney

7.10—PUBLIC USE OF SCHOOL BUILDINGS

It is the policy of the Board that District school buildings and outdoor spaces may be used by citizens of the District to conduct lawful meetings for social, civic, or recreational purposes provided such meetings do not interfere with the regular school work and proper protection is afforded the district against the potential costs of such use. The Superintendent shall be responsible, with Board approval, for establishing procedures governing such use of school buildings. The governing procedures shall be viewpoint neutral. Building principals shall be consulted to determine if there exists any conflict with planned school activities prior to other groups being allowed to use school facilities.

The District shall establish a fee schedule for the school facilities the District intends to make available for public use. The fee schedule shall be individualized for each school facility and shall be based on a formula that allows the District to reclaim the actual costs incurred by the District from the use of the facility.

School facilities that do not appear on the District's fee schedule shall not be available to the public.

The District shall also require **any** non-school related group using a district facility to provide proof of having purchased sufficient active and current general liability insurance to cover the damage to, or the cost to entirely replace the structure(s) and furnishing(s), if necessary due to the loss of, or damage to, District property.

Organizations using school facilities assume full and complete responsibility for the conduct of all persons, regardless of age, associated with their use of the facility while they are in or about the facility. Smoking or the use of tobacco or products containing tobacco in any form or the use of drugs or intoxicants is prohibited. Firearms of any kind are not allowed on school property unless the person carrying the firearm is permitted to do so by law as defined in A.C.A. § 5-73-120 or the individual has a valid conceal carry license and leaves the concealed handgun in the individual's locked vehicle.

Outside organizations who use outdoor spaces shall be responsible for providing any necessary portable toilets. Bathrooms in school buildings will only be available to organizations using outdoor spaces if the organization agrees to pay for the use of the necessary, segregatable and able to be made secure portion of the building in addition to the outside space. If the portion of the building containing restrooms cannot be segregated and/or made secure, both the outdoor and indoor space must be rented and insured against loss or accident.

7.10A—PUBLIC USE OF SCHOOL BUILDINGS—GENERAL RULES

1. All rental requests are subject to availability.
2. A written rental agreement is required of any event with the relevant LRSD department (i.e. Athletics, Fine Arts, Building Administrator. The agreement can only be executed by the qualified representative of the organization or group.
3. LRSD facilities will not be rented to individuals directly, but only to organized groups or organizations who can and will be responsible for proper supervision and for adequate protection of school property.
4. If the responsible person for the organization is also an LRSD employee, then there must be an additional LRSD employee must be assigned to monitor the facility while it is being used.
5. A 50% Deposit of the estimated fee pursuant to the fee schedule.
6. No student or adult groups rentals are available in a facility unless there is a custodian or other school personnel present. Only school personnel are authorized to possess a key to open any facility.
7. If concessions are to be sold, the parties shall specifically state in the agreement where any profits should be submitted (school bookkeep, organization, etc.)
8. Use of facilities outside the normal duty hours and when custodial personnel are not present requires the organization using the facility to employ a custodian or other district personnel to open, close and secure the building, and to perform other duties as needed.
9. Any group renting a facility must be accompanied by at least one adult who is responsible for the actions of the group/organization. That individual should be present before and after the event.
10. Any damage to facilities shall be repaired and all costs paid by sponsoring organization.
11. Use of an LRSD facility may occur only in the agreed upon area of the building. Access to the entire building is not permitted.
12. Kitchen and specialized equipment are normally not available for rent unless special arrangements are made at the time the written agreement is initiated at the district office and the agreement is approved by the LRSD Child Nutrition Director.

Superintendent of Schools
SUBJECT: Magnet and Specialty School Policy - Section 4.6 (First Reading)

BACKGROUND:

Magnet and specialty schools were established in LRSD in 1987.

Members of LRSD magnet schools, FHSA and SRO worked in concert with Mr. Oliver Dillingham and Ms. Johnson in the Equity Division to develop the draft we are proposing for CAB approval. Our primary goal was to ensure equal access, equity and clarity. After we were able to finalize the draft, we submitted it to the ADE legal team for final approval to ensure it met all components of the law. LRSD worked in conjunction with the AR Department of Education to construct a comprehensive policy to govern enrollment into LRSD magnet and specialty schools. The Community Advisory Board approved the first reading of this version of policy.

RATIONALE:

LRSD and the Equity Division of ADE agreed to update the Magnet and Specialty School policy. The primary target was to develop a policy that reflects our current practice as well as provide a tool to understand magnet and specialty schools.

FUNDING:

N/A

RECOMMENDATION:

Administration recommends approval of the magnet program policy as submitted. This is the first reading.

PREPARED BY:

Dr. Frederick Fields, Sr. Director of Student Services

LITTLE ROCK SCHOOL DISTRICT MAGNET AND SPECIALTY PROGRAM POLICY

This policy applies to all magnet schools, magnet programs, and specialty programs designated herein ("magnet and specialty programs") and students in prekindergarten through grade twelve (PK-12) enrolled or seeking enrollment in such programs.

The purpose of this policy is to set forth the process and procedures necessary to access magnet and specialty programs in the Little Rock School District (LRSD). LRSD magnet and specialty programs enable students in kindergarten through grade twelve (K-12) to attend a school with a themed program. A proposed magnet school's theme may be determined based on district need or community survey.

LRSD magnet and specialty programs are funded through federal, state, and local funds like other schools within the LRSD to meet the needs of students. Additional funds may be received through the Magnet Schools Assistance program at the U.S. Department of Education (Elementary and Secondary Education Act, as amended, Title IV, Part D). Teachers are allocated to magnet and specialty programs based on the same formula used for all other schools.

LRSD magnet and specialty programs are under the supervision of the Student Registration Office. Implementation of this policy and applicable procedures are monitored by the Senior Director of Student Services.

LRSD magnet and specialty programs embody the belief that to deliver excellence for tomorrow, a myriad of programs and curricula should be available for students to cultivate varied interests and talents. Magnet and specialty programs are offered in both open-zoned and zoned schools. Open-zoned schools do not have a designated attendance area for students, but instead, encompass the entire LRSD attendance area.

DEFINITIONS

For purposes of this policy:

"Open enrollment" means a period during which a student may change one's selection of school assignment or program.

"Parent" means a student's parent, guardian, or other person having lawful control of the student, including a foster parent or person standing in loco parentis.

"Sibling" means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster placement.

"Sibling preference" means assignment granted, if seats are available, because a student has a sibling enrolled in the requested school or magnet or specialty program.

“Staff preference” means assignment granted, if seats are available, because a student has a parent employed full-time at the school where the requested magnet or specialty program is located.

ADMISSION

A parent of a student seeking assignment to a magnet or specialty program at any level (elementary, middle, or high) in the LRSD, must submit a request through the School Choice Gateway system according to the deadlines specified and published by the LRSD Student Assignment Office.

In order to be eligible for admission to a magnet or specialty program:

- The student must meet the legal age to enter school;
- The magnet and specialty program request must be completed by a parent of the student; and
- The magnet and specialty program request must be completed truthfully and include all requested information.
 - Falsifying information will result in disqualification of the student for admission into any magnet or specialty program.

The parent of a current magnet program student who wishes to request admission into a different magnet program must submit a new request for that program.

Changes to a submitted application can be made via the School Choice Gateway system.

Submitting a magnet and specialty program request does not guarantee admission.

Student assignment is determined by the selection process.

Magnet and specialty program requests may only be submitted during open enrollment for the upcoming school year.

A student with an approved magnet and specialty program request must confirm acceptance within ten (10) calendar days. A parent may withdraw a submitted request any time prior to the student's assignment.

Once assigned to a magnet and specialty program, it is not necessary to submit a new request each year.

The Student Registration Office will be responsible for all optional enrollment assignments.

ELIGIBILITY CRITERIA

A student must successfully complete an elementary program to enroll in a magnet or specialty middle school program. A student must successfully complete a middle school program to enroll in a magnet or specialty high school program.

Due to select and/or accelerated curricula, eligibility criteria may be established to ensure student success in magnet and specialty programs. All eligibility criteria must be approved by the LRSD Board of Directors.

Eligibility criteria apply to all students requesting or being considered for assignment to a magnet or specialty program.

Eligibility criteria must be met prior to the selection process and determine which students are eligible for assignment to a magnet or specialty program.

Meeting eligibility criteria does not guarantee admission.

Requests for students who do not meet the applicable eligibility criteria will not be considered for admission.

Students identified as Gifted and Talented that are not enrolled in LRSD, but live within the boundaries of LRSD, must provide documentation of Gifted and Talented identification in order to meet eligibility criteria.

Contact the specific magnet or specialty program department if you have questions about eligibility criteria (*i.e.* audition, essay, portfolio, etc.).

SELECTION PROCESS

Only students who meet eligibility criteria participate in the magnet and specialty program selection process. The magnet and specialty program selection process applies to all magnet and specialty programs.

The program(s) selected on the magnet and specialty program request are considered in numerical order (1st, 2nd). If the first choice program is not available, the student will be placed in the selection process for the second choice program. If a second choice

program is not selected, or if the second choice program is not available, the student will be assigned to the school in their attendance area.

Sibling preference for assignment to a magnet or specialty program is granted *first* to students with siblings who are currently enrolled in and attending the school of interest and will maintain their enrollment. Sibling preference is not granted for siblings of students who will be exiting an organizational level -- transitioning from elementary to middle school or from middle school to high school.

Staff preference for assignment to a magnet or specialty program is granted *second* to a student with a parent who is employed full-time at the requested school. (Children of the employee only. Extended family does not apply.)

All other available seats in a magnet or specialty program NOT at Parkview High School, are granted *third* through general assignment in the initial computerized random selection process (*i.e.* scramble, lottery, drawing) during the open enrollment period.

For students seeking enrollment in a magnet or specialty program at Parkview High School, 25% of the remaining seats available after preferences are awarded, will be awarded to students based on audition rubric scores, beginning with the highest score until the allotted seats are full. The remaining available seats will be assigned through the random selection process.

An applicant pool (*i.e.* unnumbered waiting list) will be compiled of the names of students not selected during the selection process.

A subsequent selection process (using established preferences and random selection) utilizing the applicant pool will be held within three (3) weeks of the start of each semester to fill unexpected vacancies.

The applicant pool is cleared after the subsequent selection process is completed in the second semester.

Each school's admission processes are completed separately.

No individual may assert pressure or attempt to unduly influence the admission of any student. Any interference with the selection process must be reported to the superintendent or the superintendent's designee and may result in the disqualification of the student into magnet and specialty programs.

ENROLLMENT AND REGISTRATION

Each student selected for assignment to a magnet or specialty program will be sent notification through postal mail or email, whichever is indicated as the preferred method of communication at the time of application.

Enrollment is finalized when a parent has completed the registration process.

A student who enrolls in a magnet or specialty program must remain in the program for a minimum of one (1) school semester unless extenuating circumstances arise.

STUDENT EXPECTATIONS

A parent of a student enrolled in a magnet or specialty program must sign acknowledgement of specific student expectations detailed within the *Magnet and Specialty Program Parent Agreement*.

VOLUNTARY WITHDRAWALS

A parent may voluntarily withdraw a student from a magnet or specialty program any time after completion of one (1) school semester or when extenuating circumstances arise.

A student being voluntarily withdrawn from a magnet or specialty program that wishes to re-enroll in a magnet or specialty program, must submit a new magnet and specialty program request in accordance with this policy.

ACADEMIC PROBATION AND REVIEW -- PARKVIEW HIGH SCHOOL

If a student enrolled in a magnet or specialty program at Parkview High School does not meet the expectation of maintaining a grade of 60% or higher in the magnet area, the student and parent will be notified of the student's current grade, the magnet program expectation, and the scheduled Academic Review Conference. The student will be placed on Academic Probation.

Initial Academic Review Conferences will consist of a meeting with the student, parent, school counselor, school administrator, and any other necessary individuals, to determine necessary interventions and/or services to aid the student in meeting the expectation of maintaining a grade of 60% or higher. The interventions and/or services to be provided will be documented in the student's Student Success Plan and will be monitored for nine (9) weeks. If a student enrolled in a magnet program at Parkview High School continues to not meet the expectation of maintaining a grade of 60% or higher after interventions have been provided for nine (9) weeks, the student and parent will be notified of the student's current grade, the magnet program expectation, and the scheduled Academic Review Conference.

Follow-up Academic Review Conferences will consist of a meeting with the student, parent, school counselor, school administrator, and any other necessary individuals, to evaluate the student's progress.

Following the Academic Review Conference, a decision may be made to:

- (1) Discontinue the interventions and/or services being provided and remove the student from Academic Probation;
- (2) Maintain, modify, or change the interventions and/or services being provided and remove the student from Academic Probation;
- (3) Maintain, modify, or change the interventions and/or services being provided and extend the student's probationary status for an additional nine (9) weeks;
- (4) Recommend forced withdrawal of the student from the magnet program. A recommendation of forced withdrawal from a magnet program at Parkview High School must be approved by the principal.

FORCED WITHDRAWALS

LRSD magnet and specialty programs are programs of choice and students are not guaranteed continued enrollment in a program. A student being forced to withdraw from the magnet or specialty program may enroll in the school for their attendance area. A student being forced to withdraw from a magnet or specialty program that would like to enroll in a different magnet or specialty program, must submit a new magnet and specialty program request in accordance with this policy. Notification of the decision to require a forced withdrawal will be sent to the parent.

APPEAL

A parent who wants to appeal a forced withdrawal decision must submit a written request to the principal of the school within 72 hours of the decision notice. The appeal will be heard within five (5) school days by a panel of no less than three (3) individuals appointed by the district board of directors. School staff who participated in the student's Academic Review Conference(s) shall not serve on the appeal panel. The decision of the panel will be communicated to the parent in writing within two (2) school days. The student will continue at the magnet or specialty program until the decision of the board is communicated to the parent.

MAGNET AND SPECIALTY PROGRAM ANNUAL REVIEW

The administrator(s) of each program shall annually prepare a self-evaluation of the program to support continuation of the program and identify any areas for improvement as well as justification for any request for additional funding or expansion of the program. The self-evaluation shall include a review of student application, admittance, and performance data, including without limitation feeder patterns and withdrawals.

The evaluation and supporting documentation shall be reviewed by a Magnet Review Committee of no less than three (3) individuals appointed by the board of directors. The Committee shall also include a staff member from the Arkansas Department of Education if appointed by the Commissioner of Education. The Committee shall make recommendations to the board of directors regarding continuation of the programs and any changes to this policy supported by the data presented, including without limitation eligibility criteria. Any changes to policy must be adopted by the board in accordance with standard procedures.

SUBJECT: Acceptance of Hourly Rate Increase from Friday, Eldredge, and Clark

BACKGROUND:

LRSD uses Friday, Eldredge & Clark, LLP for legal services as outside counsel. This relationship has existed for multiple decades. Since February 2015, the law firm's rates have been \$220 for partners, \$180 for associates. This rate is more than 50% below the average rate that this firm charges for other clients. The firm has requested an increase in rates by less than 10% to \$240 for partners, \$190 for associates and \$85 (up from \$80) for paralegals starting at the beginning of the new fiscal year. Note that the rate remains significantly less than what this firm charges for other clients.

RATIONALE:

LRSD Administration is satisfied with the services of Friday, Eldredge & Clark and believes that the request for an increase in legal fees is acceptable.

FUNDING:

LRSD operating funds are used to pay for outside legal expenses.

RECOMMENDATION:

LRSD recommends that the Commissioner accept the request for an increase in outside counsel's hourly rate.

Subject: Hourly Rates

Kelsey – As you know, we have always worked for LRSD at rates well below our regular hourly rates. This is something that Herschel Friday thought was the right thing to do and was very proud of. Our current rates of \$220 for partners, \$180 for associates are more than 50% below our regular rates and have not been increased for more than four years (February 2015). This month, for example, Judge Wright awarded us fees at the rates of \$350 for partners and \$250 for associates. Beginning with the new LRSD fiscal year, I would like to increase the rates by less than 10%, to \$240 for partners, \$190 for associates and \$85 (up from \$80) for paralegals. Please let me know if there are any objections to this increase. I always try to stay at or below what LRSD personnel have received over the same period of time, and I believe that is the case this time. Thanks for your consideration. CH

RATIONALE:

To staff allocated positions within the District

FUNDING:

Operating Fund

RECOMMENDATION:

It is recommended that the following personnel changes be approved at the indicated positions, salaries and classifications.

In accordance with A.C.A. 6-17-1502, it is recommended that one additional year of probationary status is provided for all teachers who have been employed in a school district in this state for three (3) consecutive years. Therefore, Arkansas teachers who have achieved non-probationary status and who are hired into the Little Rock School District will be provided one (1) additional year of probationary status. Teachers new to the district who have not completed three (3) successive years of employment will be probationary until the completion of three (3) successive years within the Little Rock School District.

Teachers with an effective date of employment after August 13, 2019 are considered interim teachers.
